

Hospitalist Staffing Through WELLHART

About Wellhart

Wellhart was founded in 2018 with a mission to tackle the urgent healthcare staffing problem at commercial medical facilities and local, state, and federal government agencies. Our primary focus lies in providing comprehensive locum tenens staffing solutions to cater to the medical needs of facilities, agencies, and agency partners. By offering on-demand coverage, our goal is to bridge the staffing gap while upholding the utmost standard of quality patient care, which remains the cornerstone of our organizational mission.

Clients choose Wellhart because of our proactive approach to locum tenens staffing. This key differentiator means that we are continuously adding new and highly-skilled Hospitalists to our network, which allows us to respond to client needs quickly and efficiently.
