About Wellhart

Wellhart was founded in 2018 with a mission to tackle the urgent healthcare staffing problem at commercial medical facilities and local, state, and federal government agencies. Our primary focus lies in providing comprehensive locum tenens staffing solutions to cater to the medical needs of facilities, agencies, and agency partners. By offering on-demand coverage, our goal is to bridge the staffing gap while upholding the utmost standard of quality patient care, which remains the cornerstone of our organizational mission.

Clients choose Wellhart because of our proactive approach to locum tenens staffing. This key differentiator means that we are continuously adding new and highly-skilled Radiology MDs to our network, which allows us to respond to client needs quickly and efficiently.

1-on-1 Support From Every Angle

Your dedicated Wellhart account executive will be the single point of contact for your business relationship and will work with you to find highly-skilled, motivated, and qualified providers who match your needs.

We also leverage multiple support teams and resources to make your staffing experience hassle-free, such as:

- Internal licensing and credentialing teams that proactively license providers.
- An in-house travel team that coordinates all provider travel and lodging.
- High-quality malpractice and liability insurance for providers.
